

HDC180 Heavy Duty Under Counter Cash Drawer

- Durable and robust
- Large capacity
- Casing and mounting brackets included
- Optional time lock for increased security

Designed to fit under almost any counter, this cash drawer is constructed from robust steel. Durable metal runners ensure smooth, reliable opening. A stylish recessed steel handle and key lock provide security, with slam-action locking. The specially pre-drilled casing and mounting brackets are included, making installation as straightforward as possible.

Larger than most typical cash drawers, this unit accommodates a lockable plastic insert with space for 8 sets of coin. Notes are stored vertically using removable dividers, allowing the space within the drawer to be customised. A time lock can be fitted as an optional extra for increased security. An attractive light grey paint finish is standard, with other colours available by special request.

Dimensions: 512mm x 450mm x 165mm (LxWxH)
