

Locking Paper Chamber

Drop-In & Print Paper Loading

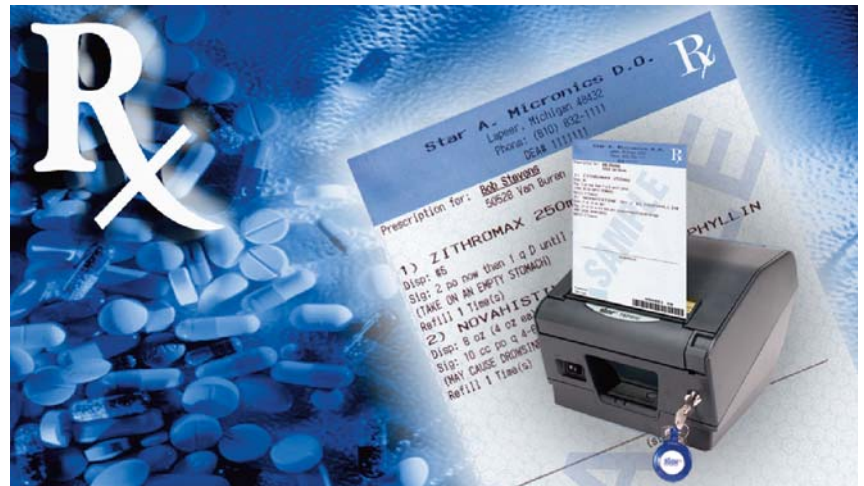

Lock Slot for Locking Cable Harness

Disable Paper Feed Button

TSP800 Rx Thermal Printer

- Ultra Fast 31PPM (Prescriptions Per Minute) (150mm/s)
- No consumable (except paper)
- Quiet (55dB)
- No warm up time needed
- Locking Paper Chamber
- Kensington Lock Slot for Locking Cable Harness
- "Drop-In & Print"
- Clamshell™ Design
- Extra small Footprint

Star Micronics has the solution to print thermal prescriptions using its secured locking TSP800 Rx Printer. Answering the requests from Hospitals and Physicians to efficiently automate the prescription process and make it simple is the cure from Star. The Secured TSP800Rx printer enables doctors to print thermal prescriptions versus handwritten prescriptions from a pad avoiding legibility errors. Utilizing specialized and secured thermal prescription paper, the prescriptions are printed using the latest electronic medical record (EMR) software in the industry, resulting in a secured legible script in seconds.

No more messy ribbon replacements, the Secured TSP800Rx features simple and easy "Drop-In" secured thermal prescription paper - the sole consumable.

Secured Locking TSP800 Rx

Available in Parallel, USB and Ethernet Interfaces
 • "Locking" Feature Secures Rx Paper Roll from being taken from the printer without authorization

• Kensington Lock Slot*

Fast, Silent Printing

The Secured TSP800Rx prints faster than a laser printer, produces output that is clearer than an inkjet printer and it is smaller than a shoe box so it is a true space saver. In addition, the Secured TSP800Rx will only print what you need, saving you time and money with your printer consumables.
